CAREER OBJECTIVE

BCA student at Star InfoTech College with an interest in Java programming, web development, database management, and software projects. Looking for opportunities to apply my skills, strengthen my problem-solving abilities, and learn from practical development experience.

EDUCATION

Bachelor of Computer Applications (BCA) — **2024 – Present**
Star InfoTech College, Ajmer — **Currently pursuing**
Maharshi Dayanand Saraswati University (MDSU)

Class XII — Kendriya Vidyalaya No. 1, Ajmer — **2023 – 2024**

Class X — Kendriya Vidyalaya No. 1, Ajmer — **2021 – 2022**

TECHNICAL SKILLS

Programming	Java, C, C++, HTML, CSS, JavaScript, Bootstrap
Database	MySQL, SQL queries
Tools & Platforms	Git, GitHub, Canva, WordPress, Visual Studio Code
Core Concepts	Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), responsive web design

SELECTED PROJECTS

- **Personal Portfolio Website** — Responsive portfolio presenting profile, education, skills, and projects using HTML, CSS, and Bootstrap.
- **Hotel Management / Booking Website** — WordPress website concept with room, food, and booking-related sections.
- **Digital Clock & Age Calculator** — Web utilities built to display real-time date/time and calculate age in years, months, and days.
- **Programming Quiz Website** — Quiz interface for practicing programming questions through multiple-choice questions.
- **Student Management Systems (C / C++)** — Academic programming projects focused on student records and basic management operations.
- **Movie Ticket Booking System (Java)** — Java project concept for movie ticket booking with a user interface and database components.

ADDITIONAL PROJECTS

Flower Website • Bike Website • Calculator • New Year Countdown • Normal Cards • Avengers Cards

STRENGTHS & INTERESTS

Learning new technologies • Coding practice • Problem-solving • Building personal projects
